

The Aztec Pledge

Aztec Oils Ltd based in Bolsover Derbyshire is a fully accredited ISO9001 lubricant manufacturing plant. As signatories of the ATIEL Code of Practice for developing Engine Oils we strive to produce the highest quality lubricants.

Continuous heavy investment in our laboratory and the latest scientific instrumentation ensures we can accurately measure the consistency of our blends and maintain the highest quality standards.

We therefore have no hesitation in guaranteeing our lubricants will meet and exceed the various specifications identified on our individual Technical Data Sheets.
